PROFESSIONAL SUMMARY

Performance-driven Full-Stack Web Developer and UI/UX Designer with expertise in building scalable, accessible, and high-converting web applications. Proven track record in bridging user-centric design with robust engineering using React, Next.js, Angular, TypeScript (TS), and Python (Django). Expert in WCAG compliance, RESTful API architecture, and design systems, delivering optimized digital solutions that boost user engagement and operational efficiency.

TECHNICAL & PROFESSIONAL SKILLS

Front-End Development	HTML5, CSS3, JavaScript (ES6+), TypeScript (TS), React, Next.js, Angular, Bootstrap, Tailwind CSS, Responsive Web Design.
Back-End & Databases	Python, Django, RESTful APIs, PHP, MySQL, Database Design & Administration, Server-Side Rendering (SSR).
UI/UX & Design Systems	Figma, Adobe XD, Photoshop, Illustrator, Wireframing, High-Fidelity Prototyping, Design Systems, WCAG 2.1 Accessibility.
DevOps, Tools & CMS	Git, GitHub, Docker, Docker Compose, CI/CD, Agile / Scrum, WordPress, PrestaShop, WooCommerce, Web Performance Optimization.
Languages	Arabic (Native), English (Fluent / C1 Level), French (Professional).

PROFESSIONAL EXPERIENCE

Full Stack Web Developer - Graduation Project (PFE)
03/2026 – 06/2026

Capgemini · El Ghazela, Tunis, Tunisia

- Architected and deployed a full-stack web application using Angular (TypeScript) for the front-end and Python (Django REST Framework) for the back-end.
- Engineered secure RESTful API endpoints, reducing data transfer latency across client-server communications by 20% and improving page load speed by 35%.
- Designed responsive UI component libraries in Figma strictly following WCAG 2.1 accessibility guidelines, achieving 100% compliance across all core user flows.
- Collaborated with cross-functional engineering teams in an Agile/Scrum environment utilizing Git/GitHub for automated version control and continuous integration (CI/CD).

UI/UX Designer & Web Developer
10/2025 – Present

HobCom Agency · Nabeul, Tunisia

- Defined complete graphic charters, visual identities, and comprehensive brand design systems for client web platforms.
- Built 15+ high-fidelity responsive UI mockups and interactive prototypes in Figma, accelerating front-end developer handoff time by 25%.
- Developed pixel-perfect front-end web components using HTML5, CSS3, JavaScript, and modern build tools, boosting user interaction rates by 18%.

Freelance UI/UX Designer & Front-End Developer
01/2025 – Present

Self-Employed · Remote / Nabeul, Tunisia

- Delivered end-to-end web applications and high-converting user interfaces for international and local clients using React, Next.js, and Tailwind CSS.
- Audited and refactored existing client platforms for WCAG accessibility and SEO best practices, increasing mobile traffic conversion by 30%.
- Optimized database queries and front-end asset delivery, reducing overall bounce rate across client sites by 15%.

Network Technician Intern
08/2024 – 08/2024

Tunisie Telecom · Korba, Nabeul, Tunisia

- Assisted senior network engineers in local network infrastructure maintenance, router configurations, and system troubleshooting, improving network uptime for targeted units.

KEY PROJECTS

HobCom Agency Web Application | Full-Stack & UI/UX Developer
03/2026 – 04/2026

Engineered a Next.js (TypeScript) web application with a PHP backend mail service, containerized and deployed using Docker Compose to ensure 99.9% deployment uptime.

Smile Expert Healthcare Platform | Lead UI/UX Designer
2025 – 2026

Designed multi-language appointment booking flows and accessible interface components in Figma, decreasing booking conversion drop-offs by 22%.

EDUCATION

BTS in Web Development (Brevet de Technicien Supérieur)
10/2024 – 07/2026

IMSET Nabeul · Tunisia

- Specialization: Software Architecture, Full-Stack Web Development (React, Next.js, Django, MySQL), and Design Systems. Defended PFE with High Honors.

BTP in Management Information Systems (Informatique de Gestion)
10/2022 – 07/2024

IMSET Nabeul · Tunisia
